

Chain Paddle Conveyor Systems

Chain Paddle Conveyor Systems Built by AGI Fertilizer

Moving bulk fertilizer, salt or any free-flowing material has never been easier than with the Yargus Chain Paddle Conveyor. Designed to work where loading angles are too steep for a standard belt conveyor, the Yargus Chain Paddle Conveyor loads efficiently, is environmentally sound, and is easy to service and maintain. The solid construction and rugged materials built into the Yargus Chain Paddle Conveyor assure years of dependable service. You can't choose better than the reliability of Yargus.
